Welcome to St Peter's Court

Our aim is to provide a friendly, caring, 'home from home' environment where dignity, independence, safety and comfort are paramount.

We have a dedicated and compassionate team, with good staff retention, which means our staff can build close and meaningful relationships with all our residents.

We are part of a wider, friendly and welcoming community as you'd expect in the North East and we always make sure that all our visitors are made welcome and well looked after, whoever they are.

We ensure that all residents are fully involved in the planning and delivery of services, promoting their right to privacy and independence. We recognise that everyone is different and the care we deliver aims to reflect this. St Peter's Court provides a homely, relaxed and safe atmosphere for its residents, guests and staff.

A home from home.

Communal

St Peter's Court Care Home is pleasantly situated in scenic surroundings in Wallsend, close to the river Tyne and a short drive away from the dramatic and picturesque Northumbrian coastline.

We specialise in residential and dementia care within a warm and welcoming environment, with a team of skilled, qualified and, above all, caring professionals.

Through our strong community links we are able to enhance the service we provide through an additional layer of health professionals, ensuring that our residents receive a first class level of care.

One of our key aims is to encourage a sense of independence in our residents, and to help them in this we provide a varied activities programme to promote good physical and mental wellbeing. We work as a family, supporting each other at all times, and strive to develop meaningful and compassionate relationships with our residents. In doing this, our guiding principles are summed up in three words: openness, honesty and patience.

If we're asked to sum up what is unique about St Peter's, we always say the staff and the residents.

Our rooms

Each of our 40 bedrooms at St Peter's Court are inviting, comfortable and well-furnished; residents are encouraged to personalise their room with their own furniture, photos and other moments to create a home from home feel.

Dining

Our catering team provide a wide range of home-cooked, nutritionally balanced meals prepared in our own kitchen and made from quality ingredients. Menus are prepared in consultation with experienced dieticians, with suggestions from our residents, to ensure that any specific needs, allergies or cultural and personal preferences are considered, while achieving a balanced nutritious diet.

Residents are encouraged to eat in the dining rooms but they can choose to eat in their room if they wish. We encourage friends and family to join us for meals with prior arrangement. We also cater for special occasions for our residents such as birthdays and anniversaries. The main meal of the day is served at midday, with a lighter meal in the evening. All meals offer a choice of menu options. Snacks, fresh fruit and refreshments are available at all times.

Activities

A regular programme of activities is promoted within the home by our dedicated activity organiser.

Each activity is designed around keeping fit and active or to simply stimulate. We encourage residents to live their lives as they wish and are able to join in, or not, as they please.

Our activities often involve the local community and we encourage strong social links with local groups. Typical daily activities include arts and crafts, indoor bowling, bingo, passive and gentle exercises, one to one shopping trips, beauty therapy, reminiscence meetings and lots more.

Support through challenging times.

Peace of mind

Our staff have the experience and training to know and understand the challenges that everybody involved has to overcome, so we know how to help. We provide as much support as possible to residents and their families during the moving process and throughout their stay at St Peter's Court.

Our staff are diligent, caring and trustworthy personnel who have each resident and their family's happiness as a core priority.
