Welcome to Bridge View

Our aim is to provide a friendly, caring, 'home from home' environment where dignity, independence, safety and comfort are paramount.

We have a dedicated and compassionate team, with good staff retention, which means our staff can build close and meaningful relationships with all our residents.

We are part of a wider, friendly and welcoming community as you'd expect in the north east and we always make sure that all our visitors are made welcome and well looked after, whoever they are.

We ensure that all residents are fully involved in the planning and delivery of services, promoting their right to privacy and independence. We recognise that everyone is different and the care we deliver aims to reflect this. Bridge View provides a homely, relaxed and safe atmosphere for it's residents, guests and staff.

A home from home.

Communal

Bridge View Care Home is situated in Choppington village in Northumberland, close to the dramatic Northumbrian coastline to the east, and a short drive away from the picturesque Northumberland National Park to the west. We are located in the heart of the local community, and we are served well by local bus services.

The central focus of everything we do, day in and day out, is the general wellbeing of our residents, to ensure that they remain physically and mentally active, and that they are fulfilled and happy, and feel cared for, loved, and a part of the Bridge View family.

We are always looking for innovative ways of doing things, so we've initiated a few ambitious and exciting projects.

We have Rita's Café, where our residents and their families can meet and greet on a daily basis, to talk and listen, laugh or cry! It's really popular, and it has made a massive difference in the Home.

We have a thriving knitting group, and we also have a reminiscence therapy room, where residents can spend calm sessions relating to things from the past. We've re-decorated the Nursing floor, using different pastel shades on the doors to help residents orientate.

Our rooms

Each of our 61 bedrooms at Bridge View are inviting, comfortable and well-furnished; residents are encouraged to personalise their room with their own furniture, photos and other momentos to create a home from home feel.

Dining

Our catering team provide a wide range of home-cooked, nutritionally balanced meals prepared in our own kitchen and made from quality ingredients. Menus are prepared in consultation with experienced dieticians, with suggestions from our residents, to ensure that any specific needs, allergies or cultural and personal preferences are considered, while achieving a balanced nutritious diet.

Residents are encouraged to eat in the dining rooms but they can choose to eat in their room if they wish. We encourage friends and family to join us for meals with prior arrangement. We also cater for special occasions for our residents such as birthdays and anniversaries. The main meal of the day is served at midday, with a lighter meal in the evening. All meals offer a choice of menu options. Snacks, fresh fruit and refreshments are available at all times.

Activities

A regular programme of activities is promoted within the home by our dedicated activity organiser.

Each activity is designed around keeping fit and active or to simply stimulate. We encourage residents to live their lives as they wish and are able to join in, or not, as they please.

Our activities often involve the local community and we encourage strong social links with local groups. Typical daily activities include arts and crafts, indoor bowling, bingo, passive and gentle exercises, one to one shopping trips, beauty therapy, reminiscence meetings and lots more.

Support through challenging times.

Peace of mind

Our staff have the experience and training to know and understand the challenges that everybody involved has to overcome, so we know how to help. We provide as much support as possible to residents and their families during the moving process and throughout their stay at Bridge View.

Our staff are diligent, caring and trustworthy personnel who have each resident and their family's happiness as a core priority.
